KIDNAPPED.

Houston, Pa., June 4.—The special officers who were killed by the pirates at the railroad station here upon their escape from Philadelphia last night, returned home today in charge of their captives.

The Washington, D. C., June 4.—The House committee on jurisdiction yesterday made a favorable report upon the bill which has been passed by the Senate for the relief of C. G. Marshall in the Indian Territory. It is designed to prevent one of the causes of dissatisfaction in the territory at the administration of justice. The Arkansas law regarding the form of peace officer is now made applicable in the Indian territory, but not widely indicative, according to testimony taken before a committee, and it is believed that the bill will be passed without delay.
